

ITShastra India's "Development and Support" unit appraised at CMMI Level 3

6th May, 2014, Mumbai : ITShastra India Pvt.Ltd, today announced that its "**Development and support**" unit has been appraised at CMMI - DEV V1.3 Maturity Level 3 of the CMMI Institute's Capability Maturity Model Integration (CMMI). The appraisal was performed by Trendz Process Consulting Pvt. Ltd. in partnership with TUV Rheinl and India Private Limited

CMMI is a process improvement approach that provides organizations with the essential elements of effective processes that ultimately improves their performance.

ITShastra India Pvt. Ltd has demonstrated a capability of operating as per the requirements of CMMI-DEV V1.3 for its units. The organization with its team has very well adapted to this high standard of process excellence and enabled its clients to realize the value of business excellence through these process frameworks. Although ITShastra has shown compliance to the Maturity Level 3 standards, there have been several best practices which are much beyond this interim milestone of process excellence.

"This appraisal proves ITShastra's constant devotion to provide their best to their clients." said Prasad Nagool, CEO of ITShastra. IT is becoming an inseparable art of every business and organizations are looking for a trustworthy IT- partner who will hold their processes to the highest standards. The CMMI Level 3 rating provides our clients with an assurance that quality continues to define our organization."
